

Building Box Cards

You're the architect here—build countless creations with these easy-to-make cards.

You Will Need:

- corrugated cardboard boxes
- paints

1 Cut as many cardboard rectangles as you like. Make them all the same size.

2 Cut six slits in each card—two on each long side, one on each short side. Make them in the same places on each card.

3 Paint the cards, and build away!

More Ideas

Experiment with building cards of different shapes—triangles, circles, and hearts can work.
